

Name _____

Reading and Writing Ratios

Look at the drawing. Write each ratio three ways.

1. footballs to soccer balls _____
2. tennis balls to footballs _____
3. basketballs to soccer balls _____
4. footballs to round balls _____
5. tennis balls to all balls _____

Write three equivalent ratios for each.

6. 1:3

7. 8:3

8. 3:2

Are the ratios equivalent? Write *yes* or *no*.

9. $\frac{3}{4} = \frac{9}{12}$

10. $\frac{14}{22} = \frac{7}{11}$

11. $\frac{6}{8} = \frac{9}{18}$

12. $\frac{25}{50} = \frac{50}{100}$
